Context Translation Smoke Test

One-page synthetic fixture for beta installation checks. This is test text, not a research paper.

1. Spreadsheet context

A spreadsheet cell contains a value or a formula. Select a cell and enter a formula. The selected cell is highlighted in blue.

2. Biology context

A biological cell is the basic unit of a living organism. The cell membrane separates the interior of the cell from its surroundings.

3. Expert parallelism

The router assigns tokens to experts. Expert parallelism distributes expert parameters across devices. Each device stores weights for a subset of the experts.

4. Reading and retry checks

Hover over a translated sentence to locate its source. Click a translated sentence to move to the corresponding position. Retry one sentence and then restore its previous translation.
